### Schedule of Events

Captain Guillaume Beauce  
Second in Command - 1  
Engineering Support Unit

#### Thursday, September 16th, 2010

##### Professional Development Sessions

##### 9:30am—10:30am—Armed Forces Engineers at War in Afghanistan

Captain Guillaume Beauce, Second in Command of 1 Engineering Support Unit, recently returned from Afghanistan where he and his team were responsible for designing and managing infrastructure projects.

This activity will provide you with a unique opportunity to gain first-hand insight about the Canadian Forces Engineers' contribution to the Afghanistan mission. Through his experiences, you will learn about some of the challenges of working in a conflict-stricken country and about his team's relationships with local contractors and engineers. He will touch on the importance of teamwork between military engineers and Canadian and American diplomats as well as discuss the impact of these engineering projects on the local population.

Rick Grant, P.Eng.  
President, Grantec Engineering  
Consultants Inc.

##### 10:45 am to 11:45 am— Design and Construction of the Sequoia Detector Vessel for the Spallation Neutron Source (SNS) Linear Accelerator at Oak Ridge Tennessee.

Richard Grant is the recipient of the 2010 Engineers Nova Scotia Lieutenant Governor's Award for Excellence in Engineering. He is the President and Founder of Grantec Engineering Consultants Inc. Richard is a graduate of Dalhousie University (B.Eng. 1983 and M.Eng. 1984) and has over twenty-five years experience in areas that include: mechanical and structural engineering, and naval architecture. He has held senior management positions with various organizations within the Halifax-Dartmouth area. His firm, Grantec, is a specialist engineering consulting firm that provides services to the offshore, energy, research, petrochemical, marine, manufacturing, and defence sectors. Information on Grantec can be found on their website, [www.grantec.ca](http://www.grantec.ca).

#### 12:00pm—1:00pm—Lunch

##### 1:00 pm — 2:00pm— Chris Feetham, P.Eng.—Stewardship of the Environment and Principles Sustainability in Engineering Practice.

Chris Feetham, P.Eng., Environment Canada and is also the Chair of the Engineers Nova Scotia Environment Committee

**2:00 pm — 3:00pm— André Veinotte, P.Eng.** As the 2010 Recipient of the Young Engineer Award, Andre give an overview of his first 10 years as an Engineer. André is Veinotte, P.Eng. Is a Partner, ABLE Engineering Services Inc.
